Dear Mike,

A recent American Express survey found that more than half of small businesses plan a buy local campaign in 2011. Why is that? Surveys show that shoppers buy local due to better customer service, the desire to create local jobs, and the greater value they believe they get from local businesses. Did you know that for every \$100. spent at a locally owned business, \$73 remains in the local economy, and \$27 leaves. Malvern thanks you for spending your dollars locally and commends your efforts to help keep our community growing. The coupon below is our little reward to you.

## OPC Imaging Units, Drum Units, Transfer Belts

Yes these are the expensive items many buyers don't consider when they purchase a new color laser printer, copier, or monochrome laser printer. Malvern has great prices on these products, so if you have a Brother monochrome machine and it is indicating a drum unit is needed, call us and compare. The HP, Samsung, Konica Minolta and many other color machines need these units too....so dare to compare and call us. We are here to save you money.

## Need a high speed MFP

The Samsung SCX-6545N is your one stop digital solution for printing, scanning, copying and faxing. This 45 page per minute workhorse has a simple finisher/stapler that collates your documents. The 7" LCD color touch panel is intuitive and user friendly. The low cost per page plus high reliability makes for

I always like to end with the quote of the month. JIm Rohn is the world's foremost business philospher and always has something worthwhile to say. "We can no more afford to spend major time on minor things than we can to spend minor time on major things." Quote 2; "Never begin the day until it is finished on paper."

Hope you are having a most enjoyable summer. Please give us a call if we can be of service or if we can answer any questions you may have.

Sincerely,

Mike Farrell
